A Typical Toastmasters Meeting

A business portion dispatches the business of our club quickly and efficiently.

Prepared speeches are presented by members. These speeches are based on assignments in the Toastmasters` training manuals which are designed to help speakers improve their public speaking skills.

Table Topics give members (and guests if they like!) the opportunity to practice impromptu speaking skills.

Evaluations by experienced club members provide feedback on prepared speeches and the meeting itself.

A dinner break allows adequate time for transfer and networking.

Your First Ten Speeches

1. **The Ice Breaker** gets you started by talking on a subject about which you are the expert (you and your life).
2. **Organize Your Speech** helps you to organize your thoughts into a logical sequence.
3. **Get to the Point** trains you to select a specific purpose for your speech and then to fulfill that purpose.
4. **How to Say It** helps you to select the exact words you need to communicate your ideas clearly and vividly.
5. **Your Body Speaks** focuses on the use of gestures and body language.
6. **Vocal Variety** explores the use of volume, modulation, tempo and pitch as speaking tools.
7. **Research Your Topic** trains you to support your points with researched facts.
8. **Get Comfortable with Visual Aids** emphasizes the use of visual aids.
9. **Persuade with Power** gives you the opportunity to practice the skills necessary to convince an audience to accept your proposal or viewpoint.
10. **Inspire your Audience** helps you to motivate by selecting a topic about which you feel strongly.

Educational programs are included in the Toastmasters` club program. These offer members the opportunity for further skill development in such areas as leadership, public speaking and conducting business meetings.
